SUBJECT: Cost Reduction, Resources Conservation, and Anti-Inflation Measures, April - June 1975

Measures

Comments

X 6. Delete items from our stock system that are slow moving or no longer required.

During this reporting period SD/SMB has identified 60 items to be removed from storage and transferred to GSA for possible use by other agencies.

X 7. Redesign certain paper products, i.e., envelopes and paper, that are slow moving to conform with like items that are currently in use.

SMB has arranged with P&PD/OL to block out \$1,550 worth of preprinted mailing envelopes so that they may be used for general use. P&PD is also cutting \$7,200 worth of legal size paper to letter size, and making scratch pads of paper of no further use.

25X1 8. [] consolidation in local delivery schedules and general vehicle mileage reduction.

A mileage reduction has resulted in 44,000 miles of reduced vehicle usage of a savings of \$3,350 for FY-1975. This mileage reduction saved an estimated \$2,000 in tire costs and miscellaneous savings of an estimated \$2,000 was realized through reduction of oil changes, antifreeze, maintenance, and general wear and tear.

X 9. Acquisition of surplus vehicles, through GSA for []

A savings of \$165 to \$700, less than the Blue Book value, has been realized on 16 vehicles turned into GSA as excess by other agencies.

25X1 25X1 25X1 ✓ 10. Fabrication of reusable containers []

Some 250 reusable containers were fabricated since 1 January 1975 at a cost of \$18.00 each. Presuming that each container can be used an average of six times, a savings of some \$22,500 in labor and material has been realized.

Comments

11. Miscellaneous.

The Supply Division continues, as a matter of routine, to endorse and encourage resource conservation in all practical instances. A constant review is being made of supply operations to ensure the utilization of the most efficient and economical methods available.
